Dear Mr. Wong,

**Scholarship and Award Achievements of Graduate from  
Hong Kong Chinese Women's Club College**

It is our pleasure to share with you the achievements of your graduate who is currently studying in the Associate Degree Programme at the College of International Education (CIE) of the Hong Kong Baptist University (HKBU).

The various types of Scholarships and awards aim to give recognition not only to students with outstanding academic performance, but also those with achievements and talents in other non-academic fields, as well as to support students to participate in learning, internship or service programmes.

The following student has been awarded the respective Scholarships and Awards.

SPSS Outstanding Performance Scholarship

CHENG Joanne

CIE is very proud to have your students to continue their academic journeys with us. From time to time, we invite scholarship recipients to share their success stories with fellow CIE students on various occasions. Likewise, we encourage such outstanding students to share their fruitful experiences at CIE with junior school-mates at their alma maters. Therefore, we would highly appreciate your help in arranging such sharing sessions by CIE students who are your alumni on your campus at mutually convenient times.

Should you have any enquiries about the programmes and admission of the college, please feel free to contact Miss Yuki Fung on 3411 3025. Thank you for your support.

Yours sincerely,

Liang Man Yu (Dr.)  
Acting Director  
College of International Education
